

Name _____
Mr. Schlansky

Date _____
Geometry

Mini Proofs Practice

1. Given: $\overline{AK}$ is a median

2. Given: R is the midpoint of $\overline{OE}$

3. Given: $\overline{DA}$ is an altitude

4. Given: $\overline{IT} \perp \overline{RS}$

5. Given: $\overline{KI}$ bisects $\angle PIN$

6. Given: $\overline{LN} \parallel \overline{VI}$

7. Given: $\overline{SU}$ bisects $\overline{OR}$

8. R is the midpoint of $\overline{OE}$

9. Given: $\overline{GA}$ bisects $\overline{FN}$

10. Given: $\overline{AB}$ bisects $\angle FBL$

11. Given: $\overline{AS} \perp \overline{OE}$

12. Given: $\overline{UM} \parallel \overline{OE}$
